DEPARTMENT: BUSINESS DEVELOPMENT**DIRECTOR: SCOTT D. ADAMS**☐ **CONSENT** ☒ **DISCUSSION****SUBJECT:****RESOLUTIONS:**

RA-9-2005 - DISCUSSION AND POSSIBLE ACTION REGARDING A RESOLUTION FINDING THE PROJECT PROPOSED BY THE ENTERTAINMENT VISUAL IMPROVEMENT PROGRAM (EVIP) AGREEMENT BETWEEN THE REDEVELOPMENT AGENCY (RDA) AND TAKE 1, INC., LOCATED AT 707 EAST FREMONT STREET (APN: 139-34-612-005), TO BE IN COMPLIANCE WITH AND IN FURTHERANCE OF THE GOALS AND OBJECTIVES OF THE REDEVELOPMENT AGENCY - WARD 5 (WEEKLY) [NOTE: THIS ITEM IS RELATED TO COUNCIL ITEM 83 (R-82-2005) AND RDA ITEM 3]

Fiscal Impact:

<input checked="" type="checkbox"/> No Impact	Amount:
<input type="checkbox"/> Budget Funds Available	Dept./Division:
<input type="checkbox"/> Augmentation Required	Funding Source:

PURPOSE/BACKGROUND:

This is a related item to discussion and possible action regarding assisting Take 1, Inc., with the cost of visual improvements for the building at 707 East Fremont Street. Approval will adopt findings that the Agreement is in compliance with furtherance of the goals and objectives of the RDA and the Redevelopment Plan.

RECOMMENDATION:

Approval

BACKUP DOCUMENTATION:

1. Resolution No. RA-9-2005
2. Site Map

MOTION:**WEEKLY - APPROVED as recommended - UNANIMOUS with TARKANIAN excused****MINUTES:**

SCOTT ADAMS, Director, Office of Business Development, outlined the three companion items, Council Item 83 and Redevelopment Agency Items 2 and 3. They tie together for approval of an Entertainment Visual Improvement Grant for the Take One Nightclub located on Fremont Street. The Council item authorizes the actions taken by the Redevelopment Agency and finds the action consistent with the Redevelopment Plan. The Redevelopment Agency makes the same finding under Redevelopment Agency Item 2. The third action would approve entering into the grant and authorizes funding up to \$60,000 for the grant. He introduced GARY SAXE, owner of Take One, and noted that MR. SAXE is the first person to have entered into the Entertainment District. MR. SAXE used his own money to start his project a year ago. Under the Entertainment Visual Improvement Grant created, he is seeking funding to include illuminated signage and other improvements. MR. ADAMS presented photographs of the building and existing signage and renderings of the proposed improvements. MR. SAXE also intends to make improvements to the sign post out front. The projected cost of the improvements is \$60,000 and staff is giving credit for the improvements MR. SAXE has already made to the existing facility. Staff recommends approval.

REDEVELOPMENT AGENCY MEETING OF: SEPTEMBER 7, 2005

MINUTES - Continued:

MR. SAXE commended the Council for adopting the military unit. He then expressed the belief that the improvements will make a big difference. The new marquis sign will be adaptable to changes in the streetscape and the outlook for the Entertainment District. He responded to MAYOR GOODMAN that business has been a struggle due to a lack of street traffic. They need the look to draw patrons and overcome the stigma of the area.

MAYOR GOODMAN stressed that it is important for the City to assist these businesses. He recently received a report that there was a line to get into the Ice House, who also struggled to get started. He encouraged him to hang in while other things come to pass. MR. SAXE commented that his business is hitting new markets, such as the film community in town.

NOTE: Item 83 of the 9/7/2005 City Council meeting contains duplicate minutes.

(10:31 - 10:38)

RECOMMENDATION:

Accept report.

BACKUP DOCUMENTATION:

Submitted after meeting: hardcopy of PowerPoint

MOTION:

REESE - ACCEPTED the report - UNANIMOUS with TARKANIAN excused

MINUTES:

SCOTT ADAMS, Director, Office of Business Development, used a PowerPoint presentation which includes a date-stamp on all photographs, a copy of which is made a part of the minutes, for the monthly update to the Agency members on the status of the following projects:

World Market Center - Wonderful July opening and well under construction for the second building. There is continued success in leasing, all the way through the third phase. Based on the success and the resulting aggressive leasing and development program, there may be three buildings under construction at the same time. MEMBER WOLFSON advised that he was told about the development while riding home in a local taxi from the airport. It is fantastic that the word has gotten out like that.

Union Park - LV-61 - Work continues nicely and there are very detailed discussions for facilities with both the Alzheimer's Clinic and the Performing Arts Center.

Southern Nevada Water Authority - The project is moving along and an October groundbreaking is anticipated. Staff is facilitating a construction staging area and all necessary documents to effectuate a construction loan closing.

juhl (CityMark) - The project is being developed by experienced urban developers out of San Diego. The developer is going directly to hard sales to make financing easier and avoid the false starts experienced by other projects. Their goal is to start construction the first of the year.

REDEVELOPMENT AGENCY MEETING OF: SEPTEMBER 7, 2005

MINUTES - Continued:

601 East Fremont Street - The developer is in the building, doing due diligence, starting tenant improvement plans and construction. There has been a great deal of interest in the Entertainment District and staff continues to review those interested to this site and the other buildings along the District.

Stella Lake Office (FBI) Project - The project is well underway and into interior framing.

RLT Corp. Office/Training Center - This training center for the local McDonald's franchise is nearing the point for exterior finishing improvements.

Urban Chamber of Commerce - The development agreement was amended to slightly increase the size of the site to accomodate an additional building. The plan includes as many as three buildings for the various tenants and uses proposed.

Expertise School of Beauty - Staff is assisting the developer with closing of their loan and getting financing in place in order to move forward to construction.

Foundation for an Independent Tomorrow - Staff is doing the same with this developer for another job training facility on a site immediately next to the Expertise site.

Edmond Town Center - The recent photograph shows the progress being made. Staff is working very closely with the developer to gain occupancy of the former Von's space. The goal is to get a grocery store in West Las Vegas. A request for proposals has been sent out to major developers, strip center developers, architectural engineering firms, retail brokers and the major grocery store chains nationally for a grocery-anchored retail center on this site. In addition, the request has been advertised in the newspaper and local business journals. The distribution has been very wide and staff is anxious to see what the response is in 45 days when the responses are due. There may be a grocery store in both this space and the Von's space.

Alpha Omega Site/1501 N. Decatur - The agreement with this developer was expanded and work continues on both a potential lease and purchase-assist scenario for a senior housing project.

Soho Lofts - The recent photograph shows nice progress and a project that looks more and more like a high-rise luxury condominium project.

Simayof Group Properties, LLC - The development agreement should be brought forward at the next meeting. Staff has been working with the developer out of San Francisco on a number of issues, including an existing utility box to be relocated.

Liberty Tower - This project appears to have enough pre-sales to move forward, but the developer's primary focus has been on the Ivana project at the corner of Las Vegas Bouelvard and Sahara.

Sandhurst Las Vegas - The developer continues to work diligently on sales. A few more sales will apparently place them in a position to close on a construction loan.

Streamline Tower - The sales office was recently opened in the Fremont Street Experience garage. A

REDEVELOPMENT AGENCY MEETING OF: SEPTEMBER 7, 2005

MINUTES - Continued:

recent photograph demonstrated continuing off-site utility and improvements work in anticipation of groundbreaking.

The Block (Entertainment District) - This project is now almost fully open and there was an overnight success with Triple George Restaurant. The Celebrity just opened and Hogs and Heifers is scheduled to formally open next week. There is an exciting mix of venues in that section of downtown to draw visitors.

The Downtown - This club is a little deliberately obscure, in the back space of the 7-Eleven building at the corner of Las Vegas Boulevard and Fremont Street. The newest addition to the Entertainment District is a project by a very experienced club operator.

The Griffin - A club, slightly down from the Beauty Bar, is moving through the approval process.

Allure Towers - This project has picked up the final building permits and will have groundbreaking soon. They were granted a TIF rebate by the City.

Alta Vista - There is talk the site was sold to an investor and staff is investigating that report. The site has been entitled for mid-rise condominiums.

Grand Central Parkway Center - The Mark Fine project has also gone through the entitlement process. The mixed-use development is on what is a parking lot for the Chelsea Outlet Mall. This is now a better location, centered in the middle of the complex.

Kallisto (formerly Opus) - These towers are proposed for Rancho and Sirius.

Club Renaissance - This project is proposed for Casino Center and Bonneville. A number of these projects are going through marketing and pre-sales, with the goal to get enough pre-sales committed to obtain construction financing.

Live/Work Las Vegas - The entitlement process has been completed by the developers out of New York. The developer has quietly assembled most of five blocks in the downtown area for a mixed-use project. Staff has been working with them on the Phase 2, another condominium/office tower that will follow these Phase 1 condominiums.

Eighty on 4th - This project is interesting because of the mechanical garage required by the small site.

Evolution - The site plan has been slightly altered to accommodate the realignment of Casino Center to allow the MAX to better serve transit needs of downtown.

H.U.E. Strategies - These lofts are another project at the corner of Casino Center and Charleston.

Newport Lofts - The piling construction has begun on site.

Cielo Vista - This project will have a dramatic view because of its location. Marketing has been in the

REDEVELOPMENT AGENCY MEETING OF: SEPTEMBER 7, 2005

MINUTES - Continued:

high 200's.

Grand View Towers - The project is located at Desert Inn and Rancho.

JERRY NEAL, West Las Vegas resident, questioned whether staff contacted any existing businesses in the vicinity of the Edmonds Center with regard to the request for proposals. MR. ADAMS replied that there has been one response to date from a company in California. The distribution went to thousands, flooding the market. MR. NEAL confirmed that the request for proposal is a public record.

NOTE: MAYOR GOODMAN requested MR. ADAMS include in future reports the percentage of pre-sales and what pre-sales are required to begin construction. He would like a sense of which of the beautiful renderings will be a reality.

(10:38 - 10:56)

2-254

AGENDA SUMMARY PAGE

REDEVELOPMENT AGENCY MEETING OF: SEPTEMBER 7, 2005

CITIZENS PARTICIPATION: PUBLIC COMMENT DURING THIS PORTION OF THE AGENDA MUST BE LIMITED TO MATTERS WITHIN THE JURISDICTION OF THE REDEVELOPMENT AGENCY. NO SUBJECT MAY BE ACTED UPON BY THE REDEVELOPMENT AGENCY UNLESS THAT SUBJECT IS ON THE AGENDA AND IS SCHEDULED FOR ACTION. IF YOU WISH TO BE HEARD, COME TO THE PODIUM AND GIVE YOUR NAME FOR THE RECORD. THE AMOUNT OF DISCUSSION ON ANY SINGLE SUBJECT, AS WELL AS THE AMOUNT OF TIME ANY SINGLE SPEAKER IS ALLOWED, MAY BE LIMITED

MINUTES:

VERONICA JONES, Chairman of ACORN and West Las Vegas citizen, protested the treatment of her organization when SCOTT ADAMS, Director, Office of Business Development, refused to meet with them regarding the grocery store in West Las Vegas. She submitted for the record a petition with 1,165 signatures in support of a partnership to improve the community. She pointed out a comment by MEMBER WEEKLY in the past about the community's failure to do enough. They are entitled to an apology and to be worked with. CHAIRMAN GOODMAN pointed out that it is very unlike MR. ADAMS, but that the situation will be resolved. MS. JONES added that there are problems within the community with unemployment and lack of transportation.

(10:56 - 11:00)

2-851

RHONDA BERNIE, Vice Chair of ACORN, stressed that the people that MR. ADAMS refused to meet with are taxpayers, voting citizens and will be the patrons of the grocery store being sought. They need to have input and be respected. She asked whether or not there would be a future meeting. CHAIRMAN GOODMAN reiterated that the situation will be looked into and resolved, with a report back to the citizens. He assured her that all citizens need to be kept in the loop.

(11:00 - 11:02)

2-968

EDNA JAGGER, member of ACORN and representative of her sister who lives in West Las Vegas, stated that she obtained her signatures for the petition from outside the West Las Vegas community. The outraged citizens that signed her petition were residents of other wards. They were outraged that there is no grocery store within such an economically deprived area and that MR. ADAMS refused to allow the impacted people to express themselves. She suggested that such a sad situation might need to be addressed at a higher governmental level. CHAIRMAN GOODMAN stated that the City's goal is to help.

(11:02 - 11:04)

2-1017

JERRY NEAL, West Las Vegas, thanked the members of ACORN for coming down to show their support. He raised concerns with the Las Vegas Housing Authority. MEMBER ROSS has been newly appointed, but seems to be doing a wonderful job at the one meeting held since his appointment. They have faith that now the laws will be adhered to, the money will go where it should and things will be better.

(11:04 - 11:06)

REDEVELOPMENT AGENCY MEETING OF: SEPTEMBER 7, 2005

MINUTES - Continued:

2-1129

BEATRICE TURNER, West Las Vegas resident, commented that the City knows what the community needs. She has to drive 45 minutes to shop for her patients, taking away time from the things she needs to help them with in the home. The community will not let the problem be kept within the community. There is also a problem with Katrina victims bringing their Louisiana Section 8 vouchers to the Las Vegas Housing Authority and being given smaller units. The County Housing Authority is fully honoring the vouchers. She encouraged MEMBER ROSS to investigate the situation. She was given authority to use a home previously on the market to house a Katrina victim, but the home has no furniture. She asked the City to help with the furniture, perhaps from the new World Market Center. CHAIRMAN GOODMAN agreed to talk about the furniture situation later.

(11:06 - 11:10)

2-1192

DEBRA JACKSON appeared as a supporter of ACORN, the community and a supermarket in West Las Vegas. She was pleased with the efforts and progress made, but the problem is a lack of communication, which makes people feel left out. There needs to be cooperation between business, government and the grassroots within a community to keep the scales balanced. She commented on CHAIRMAN GOODMAN'S and MEMBER WEEKLY'S interaction with the community. It is imperative that staff be directed to encourage the same level of communication. It is hard to stay focused and active, given the existing heartbreak in the country, but she urged that the City continue to work with the community, ACORN and allow citizen input. The current emergency situation will impact this country for years, especially with gas prices. That will be a burden on people who have to go so far out of their neighborhood for basic necessities like groceries.

(11:10 - 11:13)

2-1328

VENETIA KELLY, West Las Vegas and ACORN representative, concurred with beliefs of ACORN. There are young people who respect what that organization is fighting for. She cares for the City, but is very concerned. She asked MR. ADAMS if the streets will be widened downtown in the vicinity of the Outlet Mall and World Market Center. That development has severely impacted traffic. CHAIRMAN GOODMAN responded that there are such plans. She urged that improvements be done so that the streets are not torn up right after a new housing development is completed.

(11:13 - 11:15)

2-1459

DOROTHY BARNES, Las Vegas resident, stated that she did not know this was an issue today. She has experienced housing problems since arriving in Las Vegas in 1999, even as a veteran. Many times she shopped at the Von's in that community. She agreed that a community grocery store saves gas. This is a good City, and she has seen wonderful acts by people here, but there are some people with confused minds.

(11:15 - 11:18)

2-1527

JAMES LARATTO spoke as a Las Vegas resident since 1980. He has seen many things in Las Vegas,

REDEVELOPMENT AGENCY MEETING OF: SEPTEMBER 7, 2005

MINUTES - Continued:

including a lot of growth and change. The racial make up of West Las Vegas is slowly and positively changing. He worked for a company and transported cancer and HIV-positive patients living in West Las Vegas and Ward 5 areas. There needs to be a reality check as to the difficulty these people have in getting around and accomplishing things. They are not provided the ability to shop or pick up prescriptions. There is always an excuse to leave the burden on the little man. MR. ADAMS needs to consider the people as taxpayers, employees, wage-earners and the ones who provide the foundation for the elected officials. Not everyone can be eloquent and that is why officials are elected.

(11:18 - 11:21)

2-1651

EXECUTIVE DIRECTOR DOUG SELBY explained that the meeting was cancelled after consultation between himself and MR. ADAMS because there had been a meeting with the ACORN organization during development of the request for proposal. If they review the request, it incorporates many of their concerns, such as employment plans, wages and other issues. This is not the end of the process, it is just the solicitation for businesses to submit proposals. There will be a full evaluation process that can be conducted in the public forum, as may be directed by the Council. MR. ADAMS has done a very good job for the City and his priority is getting a grocery store in West Las Vegas, which is not an easy task.

(11:21 - 11:22)

2-1780

THE MEETING ADJOURNED AT 11:22 A.M.

Respectfully submitted:

Gabriela Portillo-Brenner, Deputy City Clerk
September 21, 2005

We the undersigned demand that the development of a new full service grocery store at the corner of Martin Luther King Boulevard and Lake Mead Boulevard create living wage jobs with good benefits. Further, we demand that a defined percentage of new jobs created through this project be targeted to residents of the West Las Vegas community. These demands can be accommodated through the City's Request For Proposal (RFP) process as a requirement of awarding development contracts. We believe that new economic development must serve to both develop the built environment in which we live, as well as the economic well being of residents who call West Las Vegas home.

We the undersigned demand that the development of a new full service grocery store at the corner of Martin Luther King Boulevard and Lake Mead Boulevard create living wage jobs with good benefits. Further, we demand that a defined percentage of new jobs created through this project be targeted to residents of the West Las Vegas community. These demands can be accommodated through the City's Request For Proposal (RFP) process as a requirement of awarding development contracts. We believe that new economic development must serve to both develop the built environment in which we live, as well as the economic well being of residents who call West Las Vegas home.

We the undersigned demand that the development of a new full service grocery store at the corner of Martin Luther King Boulevard and Lake Mead Boulevard create living wage jobs with good benefits. Further, we demand that a defined percentage of new jobs created through this project be targeted to residents of the West Las Vegas community. These demands can be accommodated through the City's Request For Proposal (RFP) process as a requirement of awarding development contracts. We believe that new economic development must serve to both develop the built environment in which we live, as well as the economic well being of residents who call West Las Vegas home.

We the undersigned demand that the development of a new full service grocery store at the corner of Martin Luther King Boulevard and Lake Mead Boulevard create living wage jobs with good benefits. Further, we demand that a defined percentage of new jobs created through this project be targeted to residents of the West Las Vegas community. These demands can be accommodated through the City's Request For Proposal (RFP) process as a requirement of awarding development contracts. We believe that new economic development must serve to both develop the built environment in which we live, as well as the economic well being of residents who call West Las Vegas home.

We the undersigned demand that the development of a new full service grocery store at the corner of Martin Luther King Boulevard and Lake Mead Boulevard create living wage jobs with good benefits. Further, we demand that a defined percentage of new jobs created through this project be targeted to residents of the West Las Vegas community. These demands can be accommodated through the City's Request For Proposal (RFP) process as a requirement of awarding development contracts. We believe that new economic development must serve to both develop the built environment in which we live, as well as the economic well being of residents who call West Las Vegas home.

We the undersigned demand that the development of a new full service grocery store at the corner of Martin Luther King Boulevard and Lake Mead Boulevard create living wage jobs with good benefits. Further, we demand that a defined percentage of new jobs created through this project be targeted to residents of the West Las Vegas community. These demands can be accommodated through the City's Request For Proposal (RFP) process as a requirement of awarding development contracts. We believe that new economic development must serve to both develop the built environment in which we live, as well as the economic well being of residents who call West Las Vegas home.

We believe that new economic development must serve to both develop the built environment in which we live, as well as the economic well being of residents who call West Las Vegas home.

We the undersigned demand that the development of a new full service grocery store at the corner of Martin Luther King Boulevard and Lake Mead Boulevard create living wage jobs with good benefits. Further, we demand that a defined percentage of new jobs created through this project be targeted to residents of the West Las Vegas community. These demands can be accommodated through the City's Request For Proposal (RFP) process as a requirement of awarding development contracts. We believe that new economic development must serve to both develop the built environment in which we live, as well as the economic well being of residents who call West Las Vegas home.
